

How to Change the Billing Cycle Date in the Data Usage Settings on your Phone

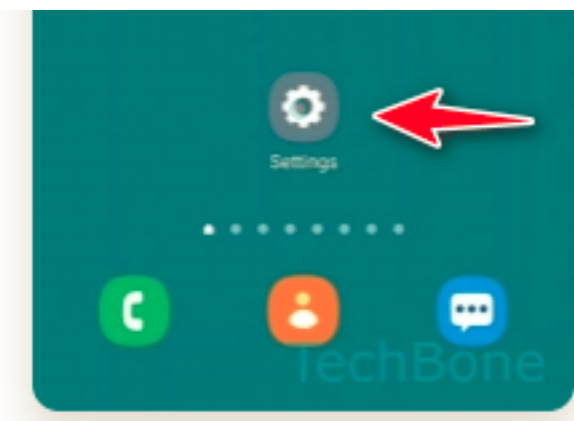

SpinTel's mobile billing cycle starts every 1st of the month. To align the usage that reflects on your phone, follow the steps below.

Note: At the time of the set date, the data count is reset to 0.

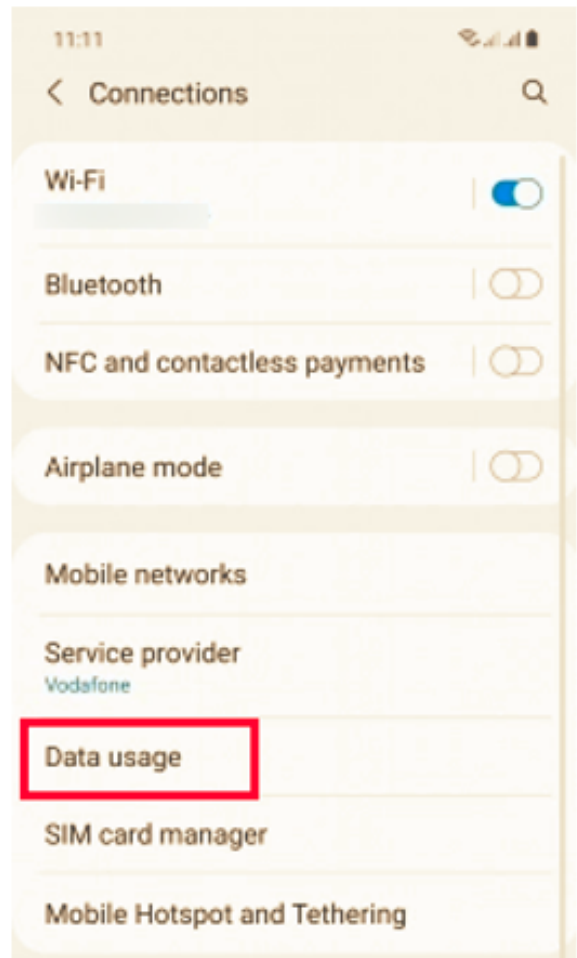

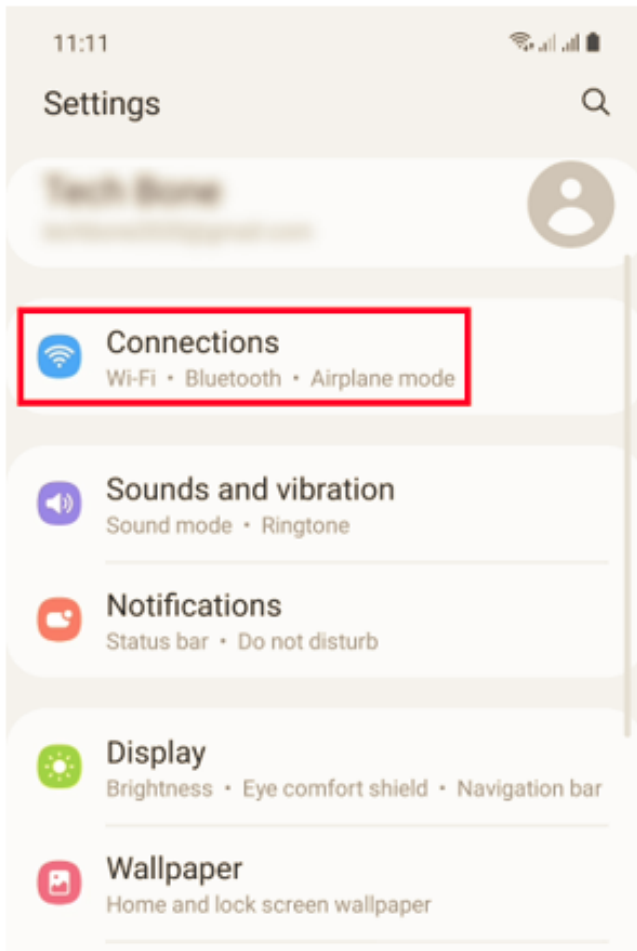

- [Android Phone settings](#)
- [iOS Phone settings](#)

For Android Phones

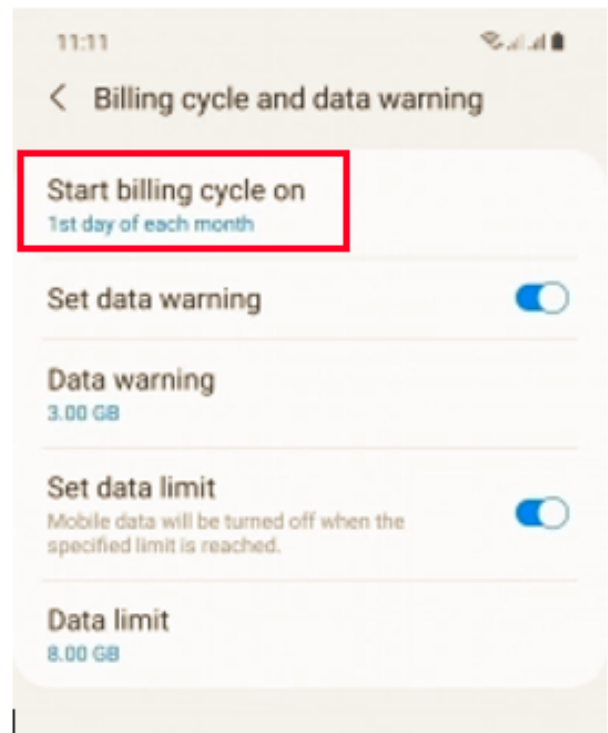

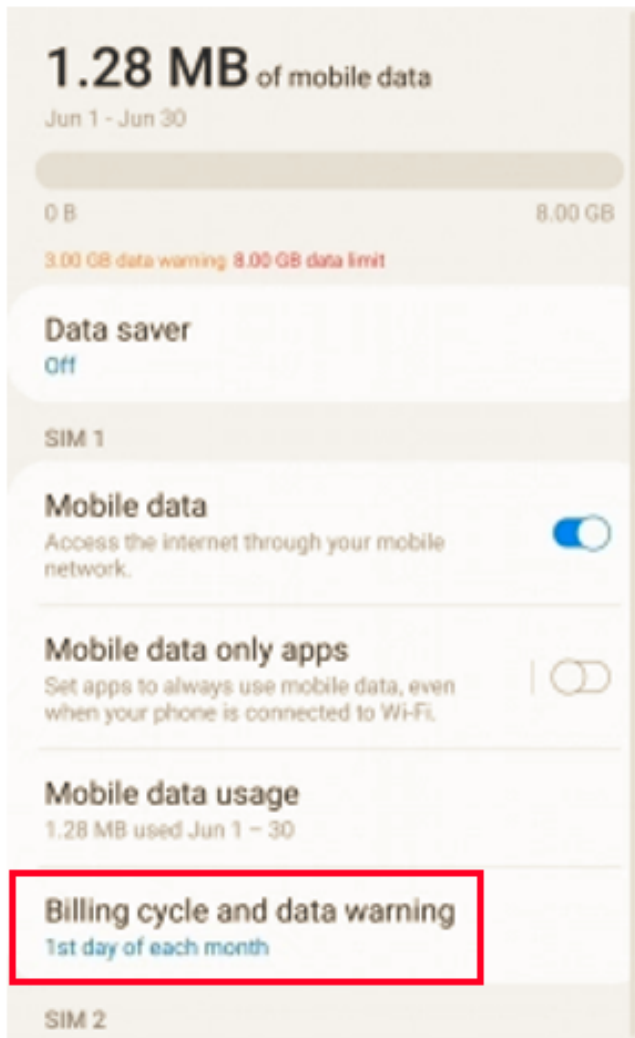

1. Tap on **Settings**

2. Click on **Connections** then choose **Data Usage**

3. Select **Billing cycle and data warning**, then tap **Start billing cycle on**

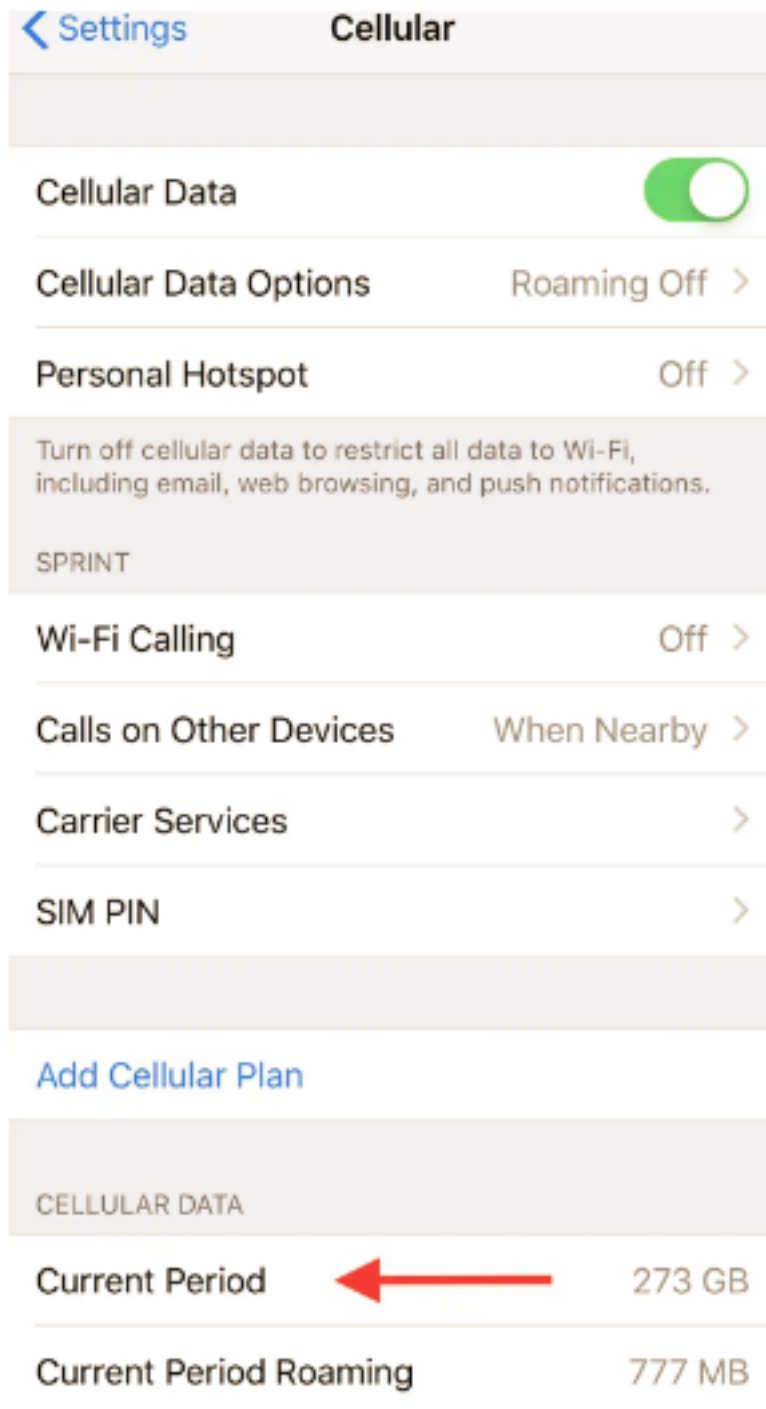

4. Select the date and tap **Set**

For iOS Phones

1. Go to your phone **Settings** and click on **Cellular**

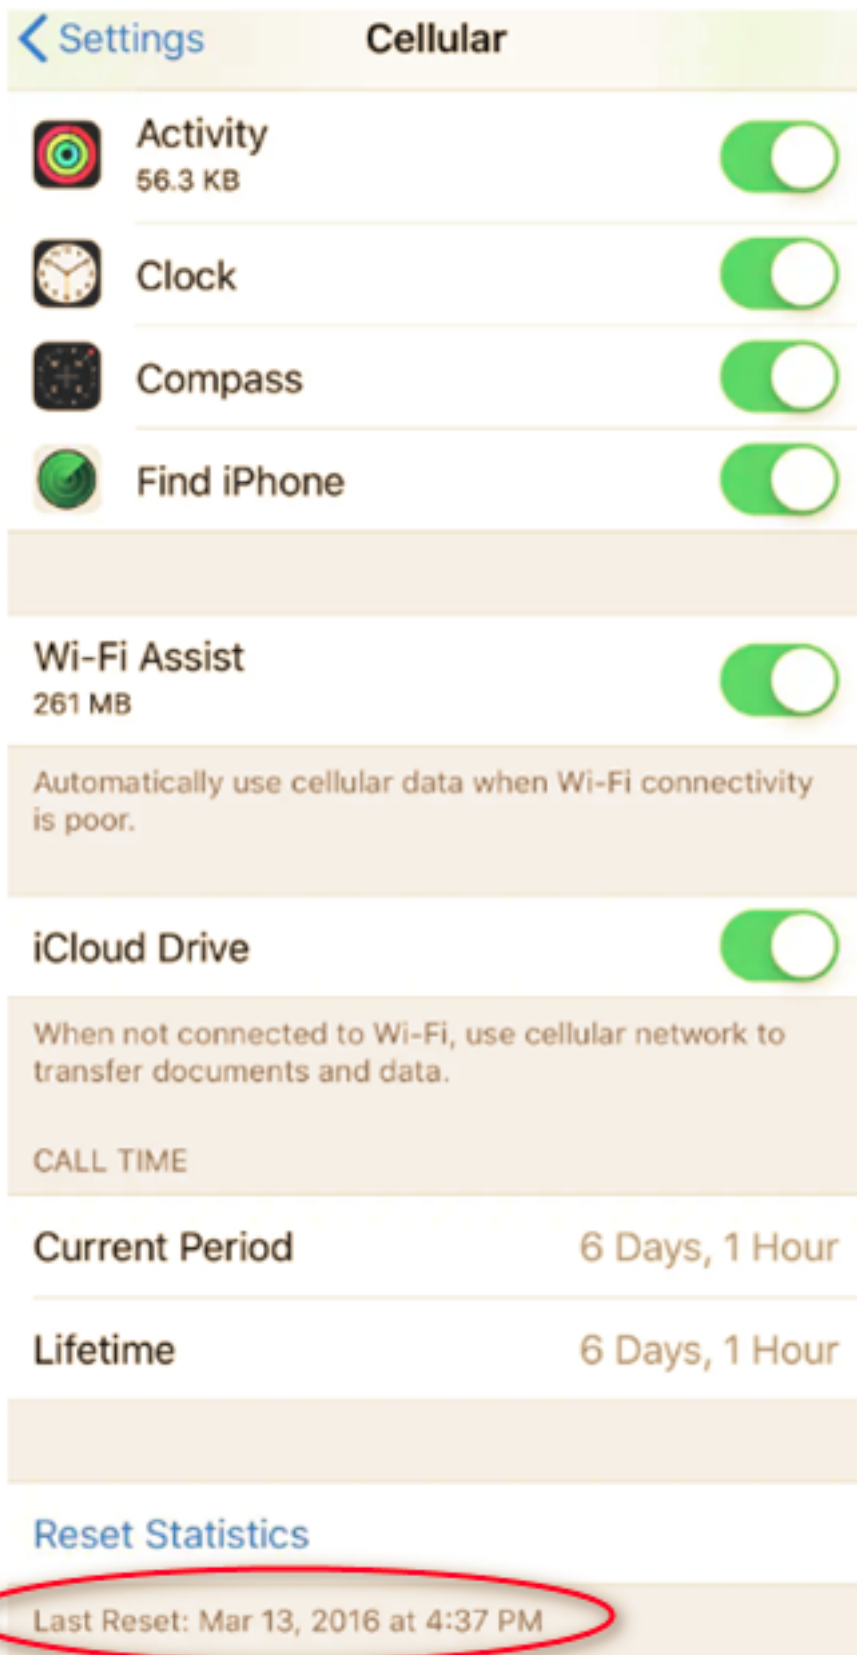

2. On this screen, you will see a section that says "**Current Period.**"

3. The number to the right of "Current Period" shows how much data you've used. Below this, you'll see various apps with a number below them. This indicates how much data you've used on each app. You can also turn off the green button next to each app to prevent an app from using cellular data.

 Settings		Cellular
	Chrome 21.8 GB	<input checked="" type="checkbox"/>
	Spotify 17.8 GB	<input checked="" type="checkbox"/>
	Mail 9.2 GB	<input checked="" type="checkbox"/>
	Google Maps 4.2 GB	<input checked="" type="checkbox"/>
	App Store 4.0 GB	<input checked="" type="checkbox"/>
	Photos 3.3 GB	<input checked="" type="checkbox"/>
	Safari 3.1 GB	<input checked="" type="checkbox"/>
	Podcasts 2.7 GB	<input checked="" type="checkbox"/>
	FaceTime 2.3 GB	<input checked="" type="checkbox"/>
	Music 2.1 GB	<input checked="" type="checkbox"/>
	Anthropologie 1.3 GB	<input checked="" type="checkbox"/>

4. Scroll all the way to the bottom of this screen. Below **Reset Statistics**, you will see the term "Last Reset" with a date. Your Current Period data usage number begins with this date.

To measure your data usage in relation to your cellular billing cycle, click **Reset Statistics**, which will reset the Current Period of your data usage.

5. Click **Reset Statistics** again when it pops up, and you're all set!
