

Transfer my NBN to SpinTel

If you're already on the **nbn** but want to switch with us, the good news is, the process is very straightforward, head over to our **nbn [product page](#)** and select the best plan for you.

What to expect?

- Switching will have a quick turnaround time (see table below for the estimated timeframe to transfer)
- Offline during the switch may be encountered, but very minimal

Types of Transfer	Completion Date*
Bundle nbn Transfer (nbn and phone)	3 days after the submission date

- No porting required
- SpinTel supplied modem

Bundle nbn Transfer (nbn and phone)	the same as the submission date
--	---------------------------------

- No porting required
- BYO modem

Bundle nbn Transfer (nbn and phone)	5 days after the submission date
--	----------------------------------

- Porting required
- ANY modem

Standalone **nbn** Transfer the same as the submission date

- BYO modem

Standalone **nbn** Transfer 3 days after the submission date

- SpinTel supplied modem

Check your contract

- Check if you have an existing contract with your current provider and check for options so you will not be hit with early termination fees

Place your order

- If you're done choosing the best plan, hit buy now and start filling out the form, you can speak with our friendly Sales representative if you need help.

Wait for order confirmation

- You are all set, a notification will be sent to your email with the order number and will be followed up with an install date.

Cancel your old service

- Check with your old provider and make sure your account is cancelled to avoid additional service charges.
