3. Confirm the SIM card number provided in the letter included with the modem. Verify the last 4–5 digits of the number, and click 'Submit' once you have confirmed a match.

SIM CARD ACTIVATION

Activating your SIM is easy, just login below using your SpinTel username and password.

New mobile number activations take about an hour. If you're transferring your number just keep using your old SIM until it stops working, usually this takes 1-3 days depending on your current provider. You can also activate your replacement SIM here.

Once completed, test your service.

To connect your PC, mobile or other devices to your Broadband service, you'll need to connect to the Wi-Fi network that is being broadcast from the supplied modem.

You may also check for the Wi-Fi SSID/Wi-Fi Name and password on the supplied modem.
