## **Modem - Incompatible with SpinTel**

Below is the list of modems that SpinTel cannot provide support for, whether for internet or phone service.

Note: Our support does not extend to all **Optus Sagemcom modems** due to their locked nature.

| Modem          | NBN Type | Internet | Phone Service |
|----------------|----------|----------|---------------|
|                |          |          | (VoIP)        |
| D-Link DSL-    | All      | Yes      | No            |
| X1852E         |          |          |               |
| TP-Link Archer | All      | Yes      | No            |
| VR1600v        |          |          |               |
