I am moving overseas

Leaving Australia?

If you're moving overseas, please contact our <u>support</u> to terminate your service at your old address whenever is most convenient for you. Alternatively, you can also <u>change the ownership of the account or service</u>.

Note: Monthly bills are paid in advance, if you are terminating part way through a billing month, your fee will not be pro-rated.

Will Early Termination Fees apply?

If you are still within your minimum service term, you will be charged an <u>early termination fee</u>.

The amount charged will be dependent on how long is remaining until the minimum service term expires. In most cases, the early termination fee amount decreases over time.
