

How to transfer service/s ownership

Changing service ownership is done in two parts by the existing owner and the new owner. Here are the necessary steps required from each party in the service ownership transfer process.

Note: A \$29 change of ownership fee will apply for this request.

Existing Owner

The current account holder starts the process by completing the online form at <https://www.spintel.net.au/transfer-ownership>. Part of this form is to choose the service or services which ownership needs to be changed. The service/s needs to be active for it to be transferred. The current service owner or account holder will be responsible for charges on the account until the transfer is complete.

Here are the steps:

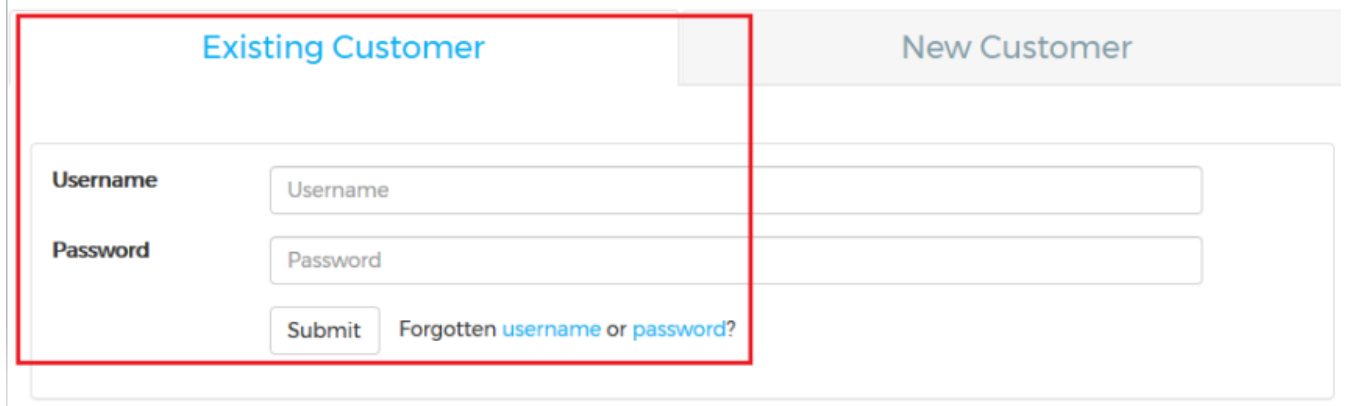

1. Visit <https://www.spintel.net.au/transfer-ownership>
2. Login using your **My Account** credentials.

TRANSFER OF OWNERSHIP

Transferring ownership of your account means handing over control for one or more services to another person.

Existing Customer: Login you select the services you want to transfer to another person, we'll generate a special key for you. Simply give this key to the person who you want to take over the account and they have 21 days to visit this page as a new customer and finish the process.

New Customer: Once you receive your code come to this page and click the 'New Customer' tab above, enter your code and fill out your details.

The screenshot shows a web interface for account ownership transfer. At the top, there are two tabs: 'Existing Customer' (highlighted with a red box) and 'New Customer'. Below the 'Existing Customer' tab, there is a login form with the following elements:

- Username:** A text input field with the placeholder text 'Username'.
- Password:** A text input field with the placeholder text 'Password'.
- Submit:** A button labeled 'Submit'.
- Forgotten username or password?:** A link for users who have forgotten their login details.

The 'New Customer' tab is currently inactive and shows a placeholder for a code entry field.

3. Once logged in, select the services to be transferred from the list and click on **Submit**.

Submit

4. You should see a confirmation popup advising of a **code generated** and sent via email that **should be provided to the new owner of the account**.

Success!

Code successfully generated. Please check your email for instructions on what to do next.

OK

Once the transfer authorization is done, the person taking ownership has 21 days to finish their part of the process. The account holder will receive an email from SpinTel that should be forwarded to the new owner for the second part to happen.

New Owner

One thing to note is that the new owner needs to be at least 18 years old and will undergo a credit evaluation to take ownership of the service.

Then the new owner should agree to SpinTel Terms and Conditions and accept billing responsibility, which could include any device payment agreements, contracts left on the old account.

Here are the steps:

1. Visit <https://www.spintel.net.au/transfer-ownership>
2. Go to **New Customer** tab, **Enter the Code** and Click on **Redeem**.

Existing Customer	New Customer
