

# Enable/Disable Call Forward on your Home Phone

## How to Enable Call forward on your Home Phone:

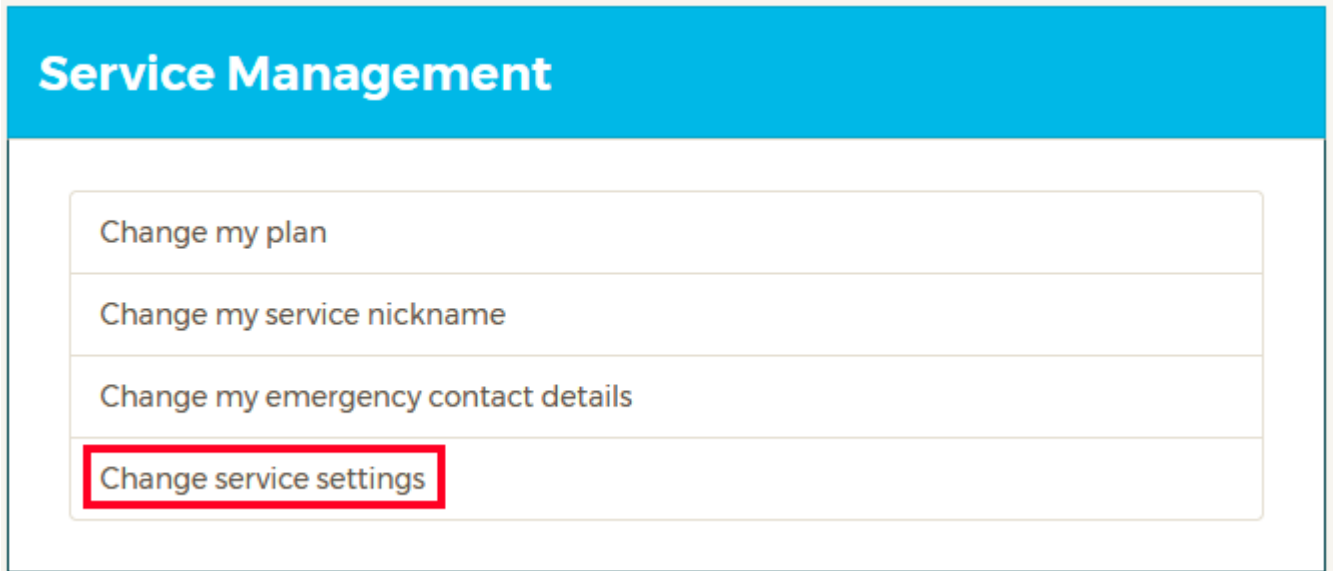

1. Visit [spintel.net.au](http://spintel.net.au)
2. Login to [My Account](#) by selecting **Customers** and then **My Account**.

3. Once logged in, the dashboard displays the summary of your services and their usage. Click **Manage Service** to expand the details of your phone service.

4. Scroll down to **Service Management** and click **Change service settings**

The image shows a screenshot of a user interface. At the top, there is a blue header bar with the text "Service Management" in white. Below this header is a white rectangular area containing a list of four menu items, each in a separate row. The items are: "Change my plan", "Change my service nickname", "Change my emergency contact details", and "Change service settings". The "Change service settings" item is highlighted with a red rectangular border.

Service Management
Change my plan
Change my service nickname
Change my emergency contact details
<b>Change service settings</b>

Here you will see the features available for control. By clicking the radio button, you can either Enable or Disable the feature.
