

# Adding/Removing an authorised contact to your account

The **Account Holder** holds the responsibility and capability to manage the list of authorised users associated with the account. This includes the ability to add new users when necessary and to remove existing users if they are no longer connected with the business or their access is deemed unnecessary.

## How to add an authorised user?

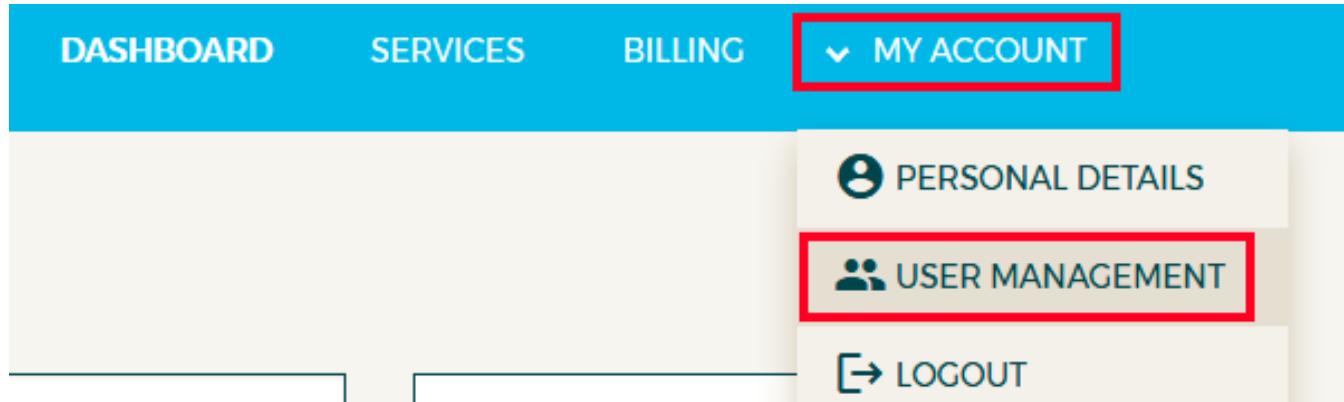

If you'd like to add an authorised user or create another email, please follow the steps outlined below.

1. Visit [spintel.net.au](http://spintel.net.au)
2. Login to My Account by selecting **Customers** and then **My Account**.

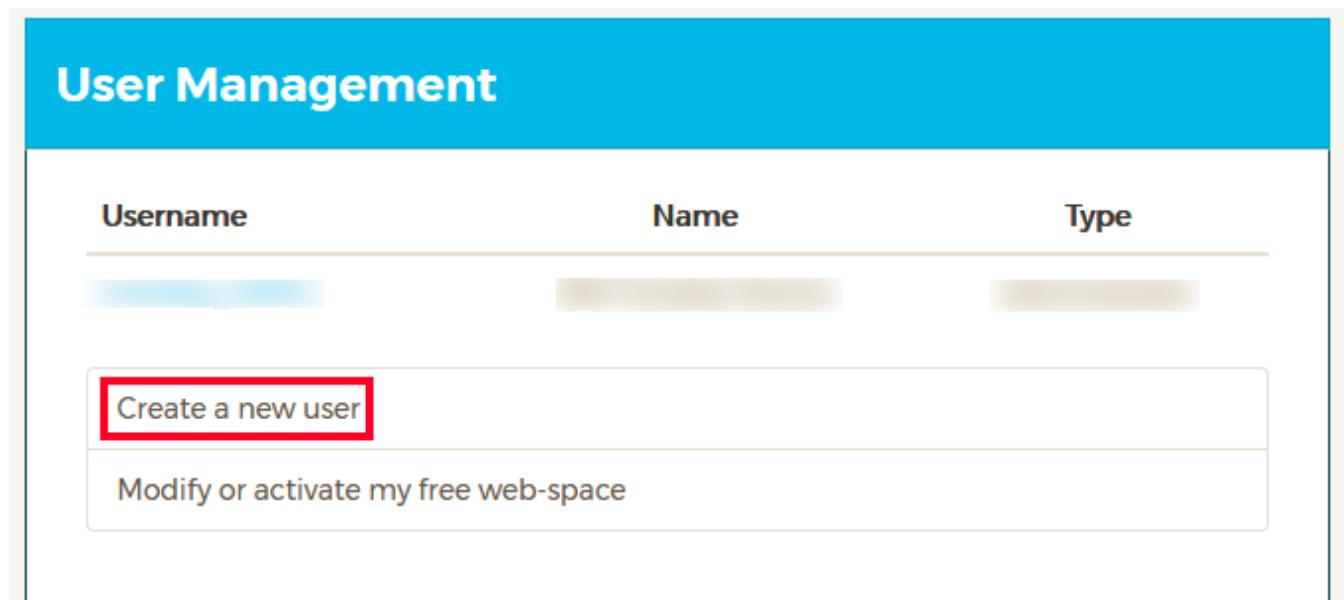

3. Once logged in, you will see these options at the top of the page - Dashboard, Services, Billing and My Account.

Click **My Account** and select **User Management**

4. Click **Create a new user**

5. Enter the details and select an **Account Type**.

- A **Basic** user is primarily intended for email use only and is unable to make any modifications to the account.
- An **Account Administrator** can make any changes to the account and

must be over 18 years old.

## Add Authorised User/Mailbox

**Account Type**

Basic  Administrator

**Username****Password** **Confirm Password** **Title** **Name**

<input type="text" value="First"/>	<input type="text" value="Last"/>
------------------------------------	-----------------------------------

**Date of Birth**

Fill in the contact details as these are the information needed to verify the authorised user on the phone if required.

**Date of Birth**

<input type="text" value="Day"/>	<input type="text" value="Month"/>	<input type="text" value="Year"/>
----------------------------------	------------------------------------	-----------------------------------
