

SpinTel Webmail Interface: A Guide to Skin Modification

Change your webmail's user interface and skin with just a few clicks. Follow the steps below:

1. Launch your [SpinTel webmail](#) and login with your My Account credentials.

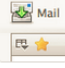

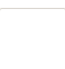

2. Select **Settings** and click on **User Interface** as shown below.

3. Scroll down to **Interface Skin** and select the preferred style.

User Interface	Pretty dates <input checked="" type="checkbox"/>
Mailbox View	Display next list entry after delete/move <input checked="" type="checkbox"/>
Displaying Messages	Refresh (check for new messages, etc.) <input type="text" value="every 1 minute(s)"/>
Composing Messages	
Contacts	
Special Folders	
Server Settings	
Encryption
