

Outlook Express Set up

1. Select **Tools** and click on **Accounts**.

2. Select **Mail** and click on **Add**.

3. Enter your name in the **Display Name** field and click on **Next**.

The image shows a Windows XP-style dialog box titled "Internet Connection Wizard". The subtitle is "Internet E-mail Address". In the top right corner, there is a red square button with a white "X". Below the title bar, on the right, is a grey icon of a hand with a starburst. The main area has a light beige background. It contains the text "Your e-mail address is the address other people use to send e-mail messages to you." followed by a label "E-mail address:" and a white text input field. Below the input field is the text "For example: someone@microsoft.com". At the bottom, there are three buttons: "< Back", "Next >", and "Cancel". The "Next >" button is highlighted with a red rectangular border.

Internet Connection Wizard

Internet E-mail Address

Your e-mail address is the address other people use to send e-mail messages to you.
