

White Pages Listing

How do I request to add/remove my number from the White Pages directory?

An unlisted number (or 'silent line') provides you with a way to increase your privacy. This means that if you have a silent number, your number won't be listed in the White Pages directory or directory-assisted services.

To enable/disable this feature, access your [online account](#).

1. On the dashboard, click on **Manage Service** on your phone service.

spintel MY ACCOUNT **DASHBOARD** SERVICES BILLING > MY ACCOUNT

WELCOME [REDACTED]

Search by service type, plan, or username.

Your usage resets in 5 days.
