

White Pages Listing

How do I request to add/remove my number from the White Pages directory?

An unlisted number (or 'silent line') provides you with a way to increase your privacy. This means that if you have a silent number, your number won't be listed in the White Pages directory or directory-assisted services.

To enable/disable this feature, access your [online account](#).

1. On the dashboard, click on **Manage Service** on your phone service.

The screenshot shows the Spintel My Account dashboard. At the top, there is a navigation bar with the Spintel logo, 'MY ACCOUNT', and links for 'DASHBOARD', 'SERVICES', 'BILLING', and 'MY ACCOUNT'. Below the navigation bar, a 'WELCOME' message is followed by a search bar. A notification states 'Your usage resets in 5 days.' The dashboard is divided into two main service sections: 'NBN' and 'Phone'. The 'NBN' section shows 'Data Usage' with a progress bar indicating 8.87GB used (1.77%) and 491.13GB remaining. The 'Phone' section shows 'Phone Usage' with a table listing 'NATIONAL (25 calls)' for '\$0.00'. A red box highlights the 'MANAGE SERVICE' button for the Phone service. To the right, there is a 'Mobile Plans' section with a 'VIEW PLANS' button.
