# How Do You Find Your Bill Number?

You may need to check your bill first to get this information.

On the first page of your bill, scroll down to **Account Summary**. This page has the information you need to make a payment, such as your account number, bill number and the total amount due.

|                    |  |
|--------------------|--|
| <b>New Charges</b> |  |
| Due                |  |
| <b>Total</b>       |  |

## Account Summary

| Account Number   | Bill Number            | Issue Date | Due Date                   |
|------------------|------------------------|------------|----------------------------|
|                  |                        |            |                            |
| Previous Balance |                        |            |                            |
| Payments         |                        |            |                            |
| Balance          |                        |            |                            |
| New Charges      | includes GST of \$1.56 |            | Turn to page 3 for details |
| Account Total    |                        |            |                            |

If you wish to make a manual payment using a different card, please take note this will not automatically update the payment method on file.
