

Upgrading or downgrading your plan

Is there a charge to upgrade or downgrade your plan?

Unless otherwise specified in the Critical Information Summary (CIS) you received after you submitted your order, there are no charges to upgrade or downgrade your plan.

My contract is still current, can I still upgrade or downgrade my plan?

Unless otherwise specified in the Critical Information Summary (CIS) you received after you submitted your order, you are able to upgrade or downgrade your plan at any time - even within your initial contract term.

When will the new plan take effect?

The new plan is effective at the beginning of the following month (or your next billing cycle which may be mid-month). View your plan details and *Critical Information Summary* for more details.

Some **nbn** plan upgrades (such as a move to an Unlimited plan) have the option of an immediate change (the plan change will take effect the same day

you submit the request).

What happens if I switch to a lower-cost SpinTel plan during the promotional period?

If you switch to a lower-cost SpinTel plan during the promotional period, the discount will be revoked from your account. Your new SpinTel plan will be billed at the rate displayed on the SpinTel website, subject to any relevant discounts or promotions available with your new plan at the time of activation.

I'm receiving an error when attempting to change my plan in My Account?

If you receive an error when attempting to change your plan in My Account, please contact us by clicking on the Message icon on the bottom right of your screen. During business hours, we will generally respond within 10 minutes, otherwise, we will reply to you by email.
