

Managing Mobile Service Features via My Account

Managing your mobile service features, such as calls, SMS, or voicemail, is quick and easy through **My Account**. You can enable or disable specific features to suit your preferences.

Important Note: Disabling a mobile service feature will restrict its usage on your account but will not affect any associated monthly charges.

Service Settings You Can Manage

Calling Options

- Enable/Disable All Outgoing Calls – Control whether your number can make outgoing calls.
- Enable/Disable International and Premium Numbers – Manage calls to numbers like 19XX and international destinations.
- Enable/Disable Outgoing CLI Display – Control whether your number is visible to the person you call.

Configure Settings

Calling Options

Enable All Outgoing Calls

On

Enable Outgoing Calls to International & Premium Numbers such as 19XX

On

Enable Outgoing CLI Display

Off

Calls to International & Premium Numbers may attract additional charges, please check your plan inclusions.

SMS Options
