The screenshot displays the FRITZ!Box web interface. At the top left is the FRITZ! logo. The main header is blue with 'FRITZ!Box' in white. On the right of the header are two buttons: 'MyFRITZ!' and 'FRITZ!NAS'. A left-hand navigation menu lists various settings: Overview, Internet (highlighted with a red box), Telephony, Home Network, Wi-Fi, Smart Home, Diagnostics, and System. Below this menu is a blue 'Wizards' button. The main content area is titled 'Configuration Step by Step Using the Wizards' and contains a grid of configuration options:

- Manage Telephony Devices**: This wizard assists you in connecting and configuring your telephony devices.
- Manage Telephone Numbers**: This wizard assists in you in adding and editing telephone numbers.
- Configuring the Internet Connection**: This wizard assists you in configuring, editing, and checking your internet connection.
- Check the Status of the FRITZ!Box**: You can have the status and the settings of the FRITZ!Box checked. The results of the diagnostics
- Security**: List of FRITZ!Box settings that regulate access from the internet, and indications of potential threats.
- Save and Restore Settings**: Save the settings you configured on your FRITZ!Box on your computer, or restore the previous settings.
